

2007 Watering Restrictions

Water conservation is critical for our community. The City of Flagstaff Utilities Department would like to remind customers to follow the established landscape-watering schedule:

Landscape Watering is strictly prohibited between the hours of 9 a.m. and 5 p.m.

Odd numbered addresses may water on Tuesday, Thursday, or Saturday.

Even numbered addresses may water on Wednesday, Friday, or Sunday.

Hand watering is allowed any day of the week before 9 a.m. and after 5 p.m.

Hand watering requires that the water conveyance (hose, bucket, etc.) be in hand for the duration of a watering session. Hoses running freely, or sprinklers attached to hoses are not considered hand watering.

Landscape Establishment Permits are available at the Utilities Department in City Hall. Permits authorize daily irrigation for a maximum of 30 days to establish new landscapes. There is a \$10 fee and permits should be obtained prior to new landscape installation. Irrigation hours still apply.

Commercial Provisions are available for businesses that require daily outdoor water use for the business to succeed, such as landscape nurseries. Requests for a Commercial Provision must be made in writing to the Utilities Director. Commercial provisions will not be approved for aesthetic landscaping.

Vehicle washing with a positive cut-off nozzle and bucket is allowed.

Non-compliance with these regulations could result in a fine assessed to your water bill. The fine will double with each repeat violation.

Questions about water restriction can be directed to Ellen Ryan at 213-4827.
